SHIMMER WALLS

OUR STORY...

Marvellous Glow was born back in 2015 when director Paul was looking for some light up letters for his and his now wife's engagement party in Leeds.

Seeing how popular light up letters were becoming, Paul with his background in events and marketing decided to start making his own.

Before long Marvellous Glow's letters were featured on national television shows such as Strictly Come Dancing and Good Morning Britain as well as being booked by huge brands such as Google, YouTube and even Greggs (can you believe it?!)

Marvellous Glow has since grown into the company you see today, supplying and installing bespoke event lighting such as fairy light canopies, festoons for festivals, neon signs, shimmer walls, PA systems and of course Light Up Letters.
